To: "Jennifer M. Duarte" <jennifer.duarte@biolacsd.org>, Marisol Camacho <marisol.camacho@biolacsd.org>

Dear Board of Directors,

I hope this email finds you well. Following our recent board meeting where Item No. 6 regarding the Biola Community Plan was discussed, I wanted to reach out to each of you individually to gather your input and perspectives on this important matter.

As you may recall, County Member Yvette Quiroga presented the Biola Community Plan during our last meeting. This plan holds significant implications for the growth and development of Biola, and it's crucial that we gather insights from each of you regarding your vision for the community.

Your input on the following points would be greatly appreciated:

**Views on Biola Community Plan:** Please share your thoughts on the Biola Community Plan. Do you support it, and if so, what aspects do you find most promising? Are there any concerns or reservations you would like to address?

**Desired Growth for Biola:** In line with the community plan, do you believe Biola should grow, and if so, to what extent? It would be valuable to understand your vision for the future development of Biola.

**Direction of Growth:** Considering housing, commercial businesses, and recreation, what direction would you like to see Biola take? Your insights on the distribution and nature of these developments will help shape our approach moving forward.

**Ideas and Interests:** Please feel free to share any additional ideas, interests, or priorities you have for the Biola community. Your perspective as a member of this board is invaluable in guiding our decisions effectively.

Your responses will not only contribute to a comprehensive understanding of the board's collective vision for Biola but will also serve as a basis for informed decision-making in our future discussions and actions.

I kindly request that you share your thoughts and input at your earliest convenience. Should you have any questions or require further clarification on any aspect of the Biola Community Plan or this inquiry, please do not hesitate to reach out to me.

Thank you for your attention to this matter, and I look forward to receiving your input.

Warm regards,

--
